Certificate

about the Qualification of the manufacturer for welding steel structures according to DIN 18800-7:2008-11

Class E

Hereby it is certified that

the company

NTG Neue Technologien GmbH & Co. KG

has for his site in

Im Steinigen Graben 12-14
D – 63571 Gelnhausen-Hailer

all required personnel and equipment available to carry out welding work for manufacturing load bearing steel structures in a field of application as mentioned in the following:

Standards/ Regulations DIN 15018 cranes
 DIN 4132 crane ways
 DIN 4420 working and safety scaffolding
 DIN 4112 amusement rides/ transpotable constructions (static)

Welding processes 111 manual metal arc welding
 (No. of welding process acc. to 131 MIG welding with solid wire electrode
 DIN EN ISO 4063) 135 MAG welding with solid wire electrode
 (Continuation see back side)

Base materials S235, S275 and S355 according to the current edition of the German regulations „Bauregelliste“ and „Anpassungsrichtlinie Stahlbau“; stainless steels according to the current edition of the relevant approval of the German Institute of Civil Engineering (DIBt).

Extensions/ Restrictions none

Welding Supervisor Mr. Matthias Marschall born on 02.10.1967
 (Name, Christian name, date of birth, International Welding Engineer (IWE)
 qualification)

Deputy Mr. Anton Zateev born on 24.11.1985
 (Name, Christian name, date of birth, International Welding Specialist (IWS)
 qualification) Herr Marvin Hunold born on 02.10.1990
 International Welding Engineer (IWE)

Remarks none

Validity from 24-09-2020 until 24-09-2023

No. of certificate DIN 18800-7/ 3315588 / 2020/ 001

Issued on 24-09-2020

Certification Body
 Material and Welding Technology

Dipl.-Ing. (FH) Andreas Stäblein
 Head of Certification Body

General requirements
 see back side

EQ3053166

Welding processes

(No. of welding process acc. to
DIN EN ISO 4063)

136 MAG welding with flux cored electrode

138 MAG welding with metal cored electrode

141 TIG welding with solid filler material (wire / rod)

General requirements

1. This certificate should be submitted on request or not – either as certified copy or photo copy – to the competent authorities who issue the building permits.
2. This certificate may only be copied or published in its entirety for advertising and other purposes. The text of promotional material may not contradict this certificate.
3. Should one of the named welding and testing supervisors leave the company, or welding and test procedures or important parts of equipment required for these procedures be changed or any of the welding-related quality assurance measures be modified, this must be reported beforehand to TÜV SÜD Industrie Service GmbH (hereinafter referred to as TÜV SÜD). If necessary, TÜV SÜD will initiate a renewed inspection at the company. The same applies to the permanent discontinuance of welding work. This certificate shall become invalid if the welding supervisor named therein leaves the company.
4. Should there be any doubts pertaining to the qualification of the company, TÜV SÜD shall have the right to inspect the company and to carry out tests at the company at any time without prior notification.
5. This certificate can be withdrawn, amended or modified with immediate effect and without any compensation, if the conditions under which it was issued have changed or if the stipulations and provisions outlined in this certificate or the pertinent report have not been observed.
6. Application for renewal should be submitted to TÜV SÜD at least 2 months prior to expiry of the certificate.
